From: Chris Neeley

Regarding: Krebs Lease

Date: 2/27/2014

Thursday February 27, 2014, KCC staff Richard Williams and Christopher Neeley, along with KDHE Watershed Field Coordinator, Doug Schneweis, attended a meeting on location at the Krebs Lease in Logan County Kansas, with the Department of Water Resources represented by Leonard Bristo, the Army Corps of Engineers represented by Luke Cory and Patrick Trierm and Black Tea Oil, LLC represented by Chris Leiker, Gerald Achatz, and Steve Felholder. The meeting was called to discuss multiple possible violations under the jurisdiction of each agency. Both the Army Corps of Engineers and the Division of Water Resources stated that they would be following up with the interested parties' in the future in regards to these violations.

Chris Leiker was also advised to begin removing solids from the B4 reserve pit, and the P1 reserve pit.
